

Job Title: NCR MD: Psychologist - Walter Reed National Military Medical Center, MD (O-5 billet, Non-Supervisory)

Job Description:

Provides a full range of behavioral health clinical services to beneficiaries within the NCR as a staff clinical psychologist for outpatient treatment. This includes

1. Providing individual, family, and/or group psychotherapy;
2. Formulating clinical problem lists and treatment plans consistent with professional guidelines and medical treatment facility Standard Operating Procedures (SOPs);
3. Providing crisis intervention;
4. Consulting and conferring with Department of Defense (DoD) consultants and other providers as appropriate;
5. Providing psychological advice;
6. Completing required paperwork in accordance with relevant SOPs;
7. Conducting assessment and treatment planning in a timely and appropriate manner;
8. Utilizing paraprofessionals after having received appropriate authorizations; and
9. Providing tele-psychology evaluations.

Performs intake evaluations and provides treatment of adults using individual and group modalities and recognized treatment strategies based upon accepted theories, principles, and practices; and participates in multi-disciplinary treatment team collaboration.

The primary duty location will be at WRNMMC, although the position will be targeted to provide tele-behavioral health services throughout the National Capital Region (NCR).

Maintains all basic readiness standards as required by the U.S. Public Health Service. Requires a Secret clearance.

PHS officers assigned under this Memorandum of Agreement (MOA) must remain available for PHS deployments. Under this MOA, PHS officers are not authorized to deploy with the military.

Requirements:

License: A doctoral degree(PhD or PsyD) in clinical psychology from an APA-accredited university or professional psychology school. A current, unrestricted, and valid psychologist license from a U.S. State (as defined in 42 USC 201 (f)) is required.

Additional Requirements:

Experience providing direct clinical supervision for trainees enrolled in a pre- or post-doctoral psychology training program is required. This position provides vital supervision, training, and direction to the Walter Reed National Military Medical Center Army and Navy Clinical Psychology Internship Programs. While not supervisory in nature, the position also provides invaluable teaching, training, and education to civilian faculty on military competencies, officership, and culture. In addition, the Adult Behavioral Health Clinic at WRB and the Psychology training programs need a Psychologist with expertise in marital and couples therapy.

Initial assignment term is a 3-year obligation.

Location Description:

8901 Rockville Pike
Bethesda, MD 20889
